EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Herbert Ruschmann, Reg. No. 35,341 on May 11, 2005.

The application has been amended as follows:

IN THE DRAWINGS:

The following changes to the drawings have been approved by the examiner and agreed upon by applicant:

The drawings are objected to in that electromagnet that serves as the electricity consumer and the multifunctional heads cited in claims and specification are not shown in the drawings.

In order to avoid abandonment of the application, applicant must make these above agreed upon drawing changes.

The above changes to Figure 1 have been made to add elements cited in the specification and claims, but not disclosed in the drawings.

REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance:

The applicant's amended claims dated 4/13/2005 have been fully considered and overcome the previous 35 USC 102 rejection.

The applicant's arguments that the Watts (U.S. Patent 3,871,983) reference does not disclose a rotating hydraulic motor are persuasive (arguments page 18, paragraph 1). The rotating motor of toothed ring construction is not novel or new, but would be unobvious to combine with the apparatus disclosed by Watts.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Prior Art

The patent to Brewer (U.S. Patent 5,071,327) was cited as an example of a rotating motor of toothed ring construction, commonly known as a gerotor motor.

Conclusion

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Devin Hanan whose telephone number is 571-272-6089. The examiner can normally be reached on Monday through Friday.
